GEOGRAPHIC AREAS LEGEND

The diagram illustrates the hierarchy of U.S. Census geographic units. At the top is 'SYMBOL' with a grid of colored squares (green, yellow, pink, red) and 'NAME STYLE' with a grid of text styles (bold, italic, bold italic, regular). Below these are the units: 'INTERNATIONAL' (green bold), 'AIR (FEDERAL) Trust Land' (green bold italic), 'TRIBAL SUBDIVISION' (green regular), 'STATE' (grey bold), 'COUNTY' (grey regular), 'CENSUS COUNTY DIV. Consolidated City' (grey bold italic), 'Incorporated Place' (yellow bold), 'Census Designated Place' (pink bold italic), 'Corporate Offset Boundary' (red regular), and 'Census Tract' (red bold). At the bottom is 'BLOCK' (red bold italic) with a grid of red squares. Arrows indicate the flow from the top units down to the bottom units, showing that International and Air (Federal) Trust Land are divided into States, which are divided into Counties, which are divided into Census County Divisions. Census County Divisions are further divided into Incorporated Places, Census Designated Places, and Corporate Offset Boundaries. All three of these are then divided into Census Tracts, which are finally divided into Blocks.

Military Inset Out Area

Abbreviation Reference: AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; Tribal Subdivision = American Indian Tribal Subdivision
